The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Well 5A PFOS Treatment System Upgrade in fiscal year 2023.

The entity to receive funding for this project is the Willingboro Municipal Utilities Authority, located at 433 John F. Kennedy Way, Willingboro, NJ 08046.

The funding would be used to provide needed upgrades to a Willingboro water treatment plant to remove PFOS/PFAS from the Well 5A raw water. The PFOS concentration of the groundwater pumped from Well 5A exceeds NJDEP requirements and has become a vital public health concern for the community. The existing facility is not permitted to be operated without removing the PFOS contaminant.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Andy Kim
Member of Congress
